Music for your Wedding

Choir

This short guide is intended to show you some of the options that are available for weddings at Holy Trinity Church. Your officiating minister will discuss the order of service, including music, with you. The director of music is available, if you so wish, to discuss and explore the options. Contact details are at the end of this booklet.

We are fortunate to have a very active and extensive music programme; you may wish to make use of this on your special day.

Most wedding ceremonies are accompanied by the organ, which provides strong support to any hymns you may choose and provides music before, during and after the ceremony. Normally the organist will play incidental music for 10 minutes prior to the start of the ceremony and during the signing of the registers. It may be possible to play a particular piece of music that you would like. The organist will also play as the bride enters the church and as the newly married couple leave.

Many people also make use of our comprehensive audio system and like to have CDs of their choice before, during or after the ceremony.

You may also like to make use of the extensive range of musicians that are part of the music programme of Holy Trinity Church; the following outlines the costs and the possibilities:

The Parish choir is made up of around 14 children and 14 adults. They sing a wide variety of music and make a good addition to any wedding, providing support in the hymn singing and an extra special atmosphere. The current cost for the choir is £150 and the following are some of the items they are available to sing.
